Sharpen your pencils.  
Run the numbers.  
Any way you look at it,  
it's a smart deal.

With Commuter Choice, you can reward your employees who commute to work via transit, ridesharing, walking and biking, or who telecommute.

And you'll be rewarded, too, with significant tax

savings, happier, more productive employees, and a more environmentally friendly company image that can help you recruit and retain employees. Commuter Choice's four benefit options—Employer-Paid, Employee-Paid Pre-Tax, Fare Share and Parking Cash Out—can be tailored to fit your circumstances. And state tax credits may cover up to half of the cost, multiplying your compensation dollars. It's an effective way to reduce congestion, driver stress, road rage, and lost time while helping to improve air quality and conserve energy.
