In 2018, EDF Climate Corps is helping organizations tackle innovative clean energy and sustainability projects...

....spanning the U.S. and China.

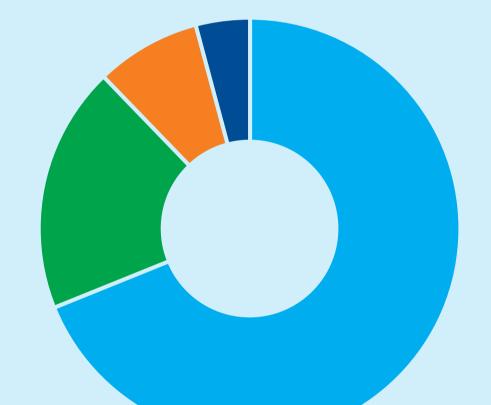

participating organizations

California	12%
New York	11%
Massachusetts	7%

We're working with organizations in all sectors...

Company	69%
Government	19%
Nonprofit	8%
University	4%

...across 20 total industries, including these top five.

And, many organizations are joining the program for the first time.
