

LEGEND

Documented Orphan Wells
Wells within close proximity to one another overlay to create denser clusters

Rivers and Lakes

Highways

Urban Areas

State Boundaries

This is an equal-area projection, showing land areas, like the various states, correctly sized in proportion to each other. However, directional scale and angle of travel vary inconsistently throughout the map.

Kansas well location data is approximate, centered on PLSS sections.

Data: Environmental Defense Fund and McGill University; Cartography by Nick Trotter Maps and Alan Bucknam/Notchcode Creative
