RE: Model Year 2019/Calendar Year 2018 Request for Small Business Exemption as a Glider Vehicle Assembler Pursuant to 40 C.F.R. § 1037.150(c) and (t)

Pursuant to 40 C.F.R. § 1037.150, Fitzgerald Glider Kits L.L.C. ("Fitzgerald") hereby gives notice of its plans to use the small business exemption under 40 C.F.R. § 1037.150(t) for model year 2019/calendar year 2018. Please note that this request supersedes our prior request dated October 13, 2017.

Fitzgerald certifies that it qualifies as a small business under 13 C.F.R. § 121.201 (NAICS code 336120, Heavy Duty Truck Manufacturing, Subsector 336--Transportation Equipment Manufacturing) because Fitzgerald, including its related entities, has fewer than 1,500 employees. Fitzgerald's employment figures for 2014, 2015 and 2016 (as of December 31) and 2017 (as of the date of this request) are set forth below.

Fitzgerald Employees	
Year	Employees
2014	206
2015	250
2016	237
2017	295

Fitzgerald's annual U.S.-directed production volume and sales of glider vehicles for calendar years 2010 through 2014 are set forth below.

Fitzgerald U.S.-Directed Production of Glider Vehicles		
Year	Volume	Sales
2010		
2011		
2012		
2013		
2014		

Based on the information provided above, Fitzgerald's maximum annual exempt glider vehicle production for model year 2019/calendar year 2018 is [REDACTED]

Please confirm that this request is acceptable and that Fitzgerald Glider Kits L.L.C. has met all of the requirements for the small business exemption as a glider vehicle assembler pursuant to 40 C.F.R. § 1037.150(i)(1).

Thank you in advance for your assistance.

Zack,

Your small business notification letter looks fine, but I one additional information request I would like you to add to your letter. Could you please add to the letter the total number of employees employed by Fitzgerald Glider Kits LLC and Fitzgerald's affiliated companies each year for the past 3 years. This is information we ask of all small businesses pursuing the small business exclusion allowances of 40 CFR 1037.150(c) and 40 CFR 1037.150(t). The small business regulations explain how to determine affiliation at 13 CFR 121.130 – here is a link to this regulation section:

The small business regulations explain how to calculate the number of employees at 13 CFR 121.106 – here is link to this regulation section:

One other item. Your request is for 2018 model year. I have noticed many requests are coming in for 2019 model year at this time. I just wanted to confirm that your request is for 2018.

Once you update the employment totals, reviewing your notification should not take long.

RE: Model Year 2019/Calendar Year 2018 Request for Small Business Exemption as a Glider Vehicle Assembler Pursuant to 40 C.F.R. § 1037.150(c) and (t)

Pursuant to 40 C.F.R. § 1037.150, Fitzgerald Glider Kits L.L.C. ("Fitzgerald") hereby gives notice of its plans to use the small business exemption under 40 C.F.R. § 1037.150(t) for model year 2019/calendar year 2018. Please note that this request supersedes our prior request dated October 13, 2017.

Fitzgerald certifies that it qualifies as a small business under 13 C.F.R. § 121.201 (NAICS code 336120, Heavy Duty Truck Manufacturing, Subsector 336--Transportation Equipment Manufacturing) because Fitzgerald, including its related entities, has fewer than 1,500 employees. Fitzgerald's employment figures for 2014, 2015 and 2016 (as of December 31) and 2017 (as of the date of this request) are set forth below.

Fitzgerald Employees	
Year	Employees
2014	206
2015	250
2016	237
2017	295

Fitzgerald's annual U.S.-directed production volume and sales of glider vehicles for calendar years 2010 through 2014 are set forth below.

Fitzgerald U.S.-Directed Production of Glider Vehicles		
Year	Volume	Sales
2010		180
2011		346
2012		825
2013		1,485
2014		2,688

Based on the information provided above, Fitzgerald's maximum annual exempt glider vehicle production for model year 2019/calendar year 2018 is 300.

Please confirm that this request is acceptable and that Fitzgerald Glider Kits L.L.C. has met all of the requirements for the small business exemption as a glider vehicle assembler pursuant to 40 C.F.R. § 1037.150(t)(1).

Steve,

We received a request for a glider from Ra-Ly. We reviewed the letter, which EPA marked Reviewed and Accepted, and noticed the customer put in the letter that they did not make any glider vehicles in 2014. Per the rules, that customer would not be eligible to make a glider vehicle in 2018. The customer isn't happy that we are refusing to sell the glider, because he has EPA approval. I am wondering what is the review process for these glider letters. I am thinking Reviewed and Accepted, doesn't mean approved, but maybe the letters could be rejected if on the face of the letter the customer isn't eligible to build a glider vehicle. Alternatively, are we reading the rule wrong and is the customer eligible to build glider vehicles.

Sean

Lance,

Has Ra-Ly Transport LLC sold any gliders to outside parties? To qualify for the small business to glider exemption the regulations (see 40 CFR 86.1037.15(t)) require that that the small business had to have sold at least one glider to an outside party. There is no indication in the attached letter as to sales of gliders. Please see the excerpt from the regulation below.

§1037.150 Interim provisions.

(t) *Glider kits and glider vehicles.*

(1)(i) You are eligible for this exemption if you are a small manufacturer and you sold one or more glider vehicles in 2014 under the provisions of §1037.150(c). You do not qualify if you only produced glider vehicles for your own use. You must notify us of your plans to use this exemption before you introduce exempt vehicles into U.S. commerce. In your notification, you must identify your annual U.S.-directed production volume (and sales, if different) of such vehicles for calendar years 2010 through 2014. Vehicles you produce before notifying us are not exempt under this section.

Hello all,

Mr. Tyler Rupp with Diesel Power LLC is looking for guidance on his paperwork for Verify. He received his 3-digit code Monday and thinks perhaps he doesn't need to complete all the CROMERR items.

He makes "glider-kit trucks," which he feels may fall under our "kit-car policies." I wouldn't know this, but figure you do.

He would prefer a phone call to an email. His phone number is 208-983-0445. To email him, please use hellscanyondiesel@gmail.com.

B and B Property, LLC meets the small business criteria listed in 40 CFR 1037.150 © and the small business criteria specified in 13 CFR 121.201. Currently our number of employees is well below the 1500 employee threshold for Heavy Duty Truck Manufacturers as listed for NAICS CODE 336120.

Our company is solely owned by Hayden Brooke (40% ownership) and Dianne Brooke (60% ownership). We are affiliated with Loftin Brothers Transportation Company, Inc. of Montgomery, Alabama.

In the past three years we have had the following number of employees: 28 in 2016, 23 in 2017, and 18 in 2018. [REDACTED]

We intend to utilize the small business provisions, and this letter serves as notification of our justification for qualification for the small business allowances.

Sincerely,

Hayden Brooke

To whom it may concern,

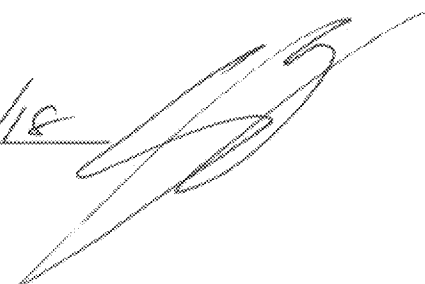

We are applying for a small business exemption for glider builders under the small business criteria listed in 13 CFR 121.201. We fall below the employee threshold for Heavy Duty Manufacturers. At Francis Diesel Service we have had 9 employees for the last 2 years and 7 this year. Affiliated companies include Francis Transportation of which has had 14 employees for the last 3 years and Francis Trucking of which has had 38 employees over the last 3 years. All companies are solely owned by Marsha Francis.

[REDACTED] We built the gliders for customers not affiliated with us. We appreciate the opportunity to be able to continue to do business as a glider builder.

We are planning to order and build [REDACTED] calendar year [REDACTED]. We will be ordering gliders from paccar.

Subject: EPA Glider Builder Notification Letter
Attachments: 20180611_085405.pdf; Interstate Power systems SBE.pdf; 2018 Istate Truck Inc Small Business.pdf

I received two different EPA glider small business notifications for Interstate Power Systems. One from Steve Frantz and the other from Kim Schaffran. The letter Kim sent lists model years 2018 and 2019 and the letter from Steve Frantz shows model year 2018. Also the official letter should indicate only one model year at a time. Back in March I received a notification letter from Istate Truck Inc and acknowledged receipt. Istate Truck appears to be an affiliated company to Interstate Power Systems and both of these appear to be owned by Interstate Companies Inc. It looks to me like there should be one notification letter from Interstate Companies Inc. covering all their affiliated companies.

Below is the text I send to companies interested in the EPA glider small business provisions. Please review the requirements and the applicable regulations and we can determine how to proceed:

EPA regulations allow small businesses to build gliders using older (pre-2010) engines under certain conditions and restrictions. First, the company must qualify as a small business according to the applicable regulations and they must have built gliders in the time period of 2010 through 2014 and sold at least one to another company or person in 2014. You would be limited in the number of gliders you can build per year to the maximum number you built in any single year 2010 through 2014. The regulations (40 CFR 1037.150(c)) require a small business to notify EPA that they intend to utilize the small business provisions. We ask small businesses to send us a letter of notification annually that includes a number of bits of information justifying that they qualify for the small business allowances. A short letter that contains the following information is all that is needed:

- *A statement that your company meets the small business criteria listed in 40 CFR 1037.150 (c) and the small business criteria specified in 13 CFR 121.201. (Assuming this is true.) Currently the size threshold for Heavy Duty Truck Manufacturers is 1500 employees – this is what is listed for NAICS Code 336120. The total number of employees includes that of the company and its affiliates (see 13 CFR 121 link below).*
- *A statement that your company is solely owned by (owner's name) and if there are multiple owners state each owner and the percentage ownership for each. Also describe any affiliations with other companies or state that there are no affiliations – assuming that is true.*
- *State the number of employees for each of the past 3 years including affiliated companies.*
- *State the number of gliders that your company has built each year 2010 through 2014.*
- *State the number of gliders sold to outside parties in 2014.*
- *Signed by the owner(s) or company official.*

You should scan the signed letter and send the PDF file to me. I will then review it, stamp it and return it to you. You can use the wording I used above (just substitute in the actual company name) if that helps. You can then show the EPA reviewed letter to the truck manufacturer as proof you have notified the EPA.

PACCAR Glider Vehicle Assembler Certification

Enter Company Name

Vaughan's Truck Repair LLC

(hereinafter referred to as "Glider Vehicle Assembler") certifies to PACCAR, Inc the information requested herein to assure compliance with 40 CFR 1037.635 and 1037.150 with respect to glider vehicles produced on or after January 1, 2018 from glider kits purchased from PACCAR Inc's Kenworth and Peterbilt divisions.

Glider Vehicle Assembler will complete the assembly of all designated glider kits provided by a division of PACCAR, Inc by installing all missing components to complete the assembly of the glider vehicle. This could include, but would not be limited to, the engine, transmission, rear axle(s), and exhaust components.

Glider Vehicle Assembler certifies that each engine (including remanufactured engines) installed in a completed glider vehicle utilizing a designated glider kit will be installed in a certified configuration and properly labeled for the original engine model year in accordance with 40 CFR 1037.635(d).

Volume Limitations Certification

Pursuant to 40 CFR 1037.150(t)(1), for calendar year 2018 through calendar year 2020, you may produce a limited number of exempt glider vehicles. The limit applies to the quantity of your combined yearly production of vehicles from all vehicle OEM glider kits, and is equal to your highest annual production of glider vehicles in any calendar year between 2010 to 2014, up to a maximum of 300. Glider vehicles you produce in excess of this limit must comply with 40 CFR 1037.635, which includes delegated assembly, and requires the engine installed to be a post-2010 emissions engine.

Glider Vehicle Assembler certifies that its highest annual production of glider vehicles between 2010 through 2014 for sale or use in the United States was: Enter Volume [REDACTED] in Year Circle One 2010 2011 2012 2013 2014

Record Keeping and Reporting

Glider Vehicle Assembler will be responsible for maintaining records of all glider vehicles they produce/assemble beginning in calendar year 2017. U.S. EPA may require reporting 2010 through 2014 volumes as well as current year produced/assembled glider vehicle volume as an end-of-year report.

Compliance Requirements

Vehicle Assembler acknowledges its understanding that the following are all violations of the Clean Air Act under 40 CFR 1068.101 and/or 1068.105, and subject to EPA enforcement and penalties outlined in §1068.101(b)(1):

- (1) Introducing vehicles into commerce in an uncertified configuration;
- (2) Failure to follow OEM instructions or otherwise make unauthorized changes;
- (3) Failure to keep records, send reports, or give EPA information as required under this part or the Clean Air Act; and
- (4) Exceeding vehicle volume limitations per 40 CFR 1037.150(t)(1) and not complying with 1037.635.

Instructions: E-mail the completed and signed form to PB.GHG.Sales.Plan.Management@PACCAR.com. Any questions may be sent to the same address.

Tegeler Auto, Inc. respectfully requests authorization to utilize the small business exclusion requirements of 1037.150 (c) to continue assembling semi-tractor glider kits with pre-emission engines manufactured prior to 2007 for a select number of truck owners from our rural customer base. These trucks will be built and sold to customer's.

Tegeler Auto, Inc. meets the small business criteria listed in 40 CFR 1037.150 (c) and 13 CFR 121.201. Tegeler Auto, Inc. dba Tegeler Body & Frame, Wrecker & Crane was founded in 1949 by Herb Tegeler. In 2013, the business was purchased by Jason Rauen and he retains 100% ownership of the company.

In addition, Tegeler Auto, Inc. has employed 7 full-time techs, 2 part-time techs, 5 full-time drivers, 3 managers and 2 administrative employees in 2017. Prior to 2017, Tegeler Auto, Inc. employed 5 full time techs, 5 full-time drivers, 2 managers and 2 administrative employees.

PACCAR Glider Vehicle Assembler Certification**Enter Company Name**

ChemGro of Houghton, Inc

(hereinafter referred to as "**Glider Vehicle Assembler**") certifies to PACCAR, Inc the information requested herein to assure compliance with 40 CFR 1037.635 and 1037.150 with respect to glider vehicles produced on or after January 1, 2018 from glider kits purchased from PACCAR Inc's Kenworth and Peterbilt divisions.

Glider Vehicle Assembler will complete the assembly of all designated glider kits provided by a division of PACCAR, Inc by installing all missing components to complete the assembly of the glider vehicle. This could include, but would not be limited to, the engine, transmission, rear axle(s), and exhaust components.

Glider Vehicle Assembler certifies that each engine (including remanufactured engines) installed in a completed glider vehicle utilizing a designated glider kit will be installed in a certified configuration and properly labeled for the original engine model year in accordance with 40 CFR 1037.635(d).

Volume Limitations Certification

Pursuant to 40 CFR 1037.150(t)(1), for calendar year 2018 through calendar year 2020, you may produce a limited number of exempt glider vehicles. The limit applies to the quantity of your combined yearly production of vehicles from all vehicle OEM glider kits, and is equal to your highest annual production of glider vehicles in any calendar year between 2010 to 2014, up to a maximum of 300. Glider vehicles you produce in excess of this limit must comply with 40 CFR 1037.635, which includes delegated assembly, and requires the engine installed to be a post-2010 emissions engine.

Glider Vehicle Assembler certifies that its highest annual production of glider vehicles between 2010 through 2014 for sale or use in the United States was: Enter Volume [REDACTED] in Year Circle One 2010 2011 2012 2013 **2014**

Glider Vehicle Assembler certifies that it sold at least one glider vehicle in calendar year 2014. Initial Here

Record Keeping and Reporting

Glider Vehicle Assembler will be responsible for maintaining records of all glider vehicles they produce/assemble beginning in calendar year 2017. U.S. EPA may require reporting 2010 through 2014 volumes as well as current year produced/assembled glider vehicle volume as an end-of-year report.

Compliance Requirements

Vehicle Assembler acknowledges its understanding that the following are all violations of the Clean Air Act under 40 CFR 1068.101 and/or 1068.105, and subject to EPA enforcement and penalties outlined in §1068.101(b)(1):

- (1) Introducing vehicles into commerce in an uncertified configuration;
- (2) Failure to follow OEM instructions or otherwise make unauthorized changes;
- (3) Failure to keep records, send reports, or give EPA information as required under this part or the Clean Air Act; and
- (4) Exceeding vehicle volume limitations per 40 CFR 1037.150(t)(1) and not complying with 1037.635.

Instructions: E-mail the completed and signed form to PB.GHIG.Sales.Plan.Management@PACCAR.com. Any questions may be sent to the same address.

Please find the attached EPA small business notification letter stamped "Reviewed and Accepted". I corrected the value listed for the maximum exempt glider vehicle production for this model year from [REDACTED]. The regulation cap the maximum number per year to the highest production volume you produced in any single year from 2010 through 2014, therefore the correct maximum is [REDACTED]. Here is the regulation section that covers this requirement (40 CFR 1037.150(t)(ii):

§1037.150 Interim provisions.

(t) *Glider kits and glider vehicles.* (1) Glider vehicles conforming to the requirements in this paragraph (t)(1) are exempt from the Phase 1 emission standards of this part 1037 prior to January 1, 2021. Engines in such vehicles (including vehicles produced after January 1, 2021) remain subject to the requirements of 40 CFR part 86 applicable for the engines' original model year, but not subject to the Phase 1 or Phase 2 standards of 40 CFR part 1036 unless they were originally manufactured in model year 2014 or later.

(i) You are eligible for this exemption if you are a small manufacturer and you sold one or more glider vehicles in 2014 under the provisions of §1037.150(c). You do not qualify if you only produced glider vehicles for your own use. You must notify us of your plans to use this exemption before you introduce exempt vehicles into U.S. commerce. In your notification, you must identify your annual U.S.-directed production volume (and sales, if different) of such vehicles for calendar years 2010 through 2014. Vehicles you produce before notifying us are not exempt under this section.

(ii) In a given calendar year, you may produce up to 300 exempt vehicles under this section, or up to the highest annual production volume you identify in paragraph (t)(1) of this section, whichever is less.

This letter is being sent to request Glider Kit credits.

Northeast Iowa Community College is a state community college located in northeast Iowa. We have about 500 total employees.

We have a Board of Trustees.

The nine members of the Northeast Iowa Community College Board of Trustees are voluntarily elected by the public for four-year terms. The Board of Trustees sets policy for the College and hires and evaluates the president. The local control of the Board ensures that NICC serves the needs of its communities.

To whom it may concern,

We are applying for a small business exemption for glider builders under the small business criteria listed in 13 CFR 121.201. We fall below the employee threshold for Heavy Duty Manufacturers. At Francis Diesel Service we have had 9 employees for the last 2 years and 7 this year. Affiliated companies include Francis Transportation of which has had 14 employees for the last 3 years and Francis Trucking of which has had 38 employees over the last 3 years. All companies are solely owned by Marsha Francis.

[REDACTED] We built the gliders for customers not affiliated with us. We appreciate the opportunity to be able to continue to do business as a glider builder.

[REDACTED] We will be ordering gliders from paccar.

Subject: EPA Glider Builder Notification Letter

I received two different EPA glider small business notifications for Interstate Power Systems. One from Steve Frantz and the other from Kim Schaffran. The letter Kim sent lists model years 2018 and 2019 and the letter from Steve Frantz shows model year 2018. Also the official letter should indicate only one model year at a time. Back in March I received a notification letter from Istate Truck Inc and acknowledged receipt. Istate Truck appears to be an affiliated company to Interstate Power Systems and both of these appear to be owned by Interstate Companies Inc. It looks to me like there should be one notification letter from Interstate Companies Inc. covering all their affiliated companies.

Below is the text I send to companies interested in the EPA glider small business provisions. Please review the requirements and the applicable regulations and we can determine how to proceed:

EPA regulations allow small businesses to build gliders using older (pre-2010) engines under certain conditions and restrictions. First, the company must qualify as a small business according to the applicable regulations and they must have built gliders in the time period of 2010 through 2014 and sold at least one to another company or person in 2014. You would be limited in the number of gliders you can build per year to the maximum number you built in any single year 2010 through 2014. The regulations (40 CFR 1037.150(c)) require a small business to notify EPA that they intend to utilize the small business provisions. We ask small businesses to send us a letter of notification annually that includes a number of bits of information justifying that they qualify for the small business allowances. A short letter that contains the following information is all that is needed:

- *A statement that your company meets the small business criteria listed in 40 CFR 1037.150 (c) and the small business criteria specified in 13 CFR 121.201. (Assuming this is true.) Currently the size threshold for Heavy Duty Truck Manufacturers is 1500 employees – this is what is listed for NAICS Code 336120. The total number of employees includes that of the company and its affiliates (see 13 CFR 121 link below).*
- *A statement that your company is solely owned by (owner's name) and if there are multiple owners state each owner and the percentage ownership for each. Also describe any affiliations with other companies or state that there are no affiliations – assuming that is true.*
- *State the number of employees for each of the past 3 years including affiliated companies.*
- *State the number of gliders that your company has built each year 2010 through 2014.*

- State the number of gliders sold to outside parties in 2014.
- Signed by the owner(s) or company official.

You should scan the signed letter and send the PDF file to me. I will then review it, stamp it and return it to you. You can use the wording I used above (just substitute in the actual company name) if that helps. You can then show the EPA reviewed letter to the truck manufacturer as proof you have notified the EPA.

For your reference here are a number links to regulations that are applicable:
