Environmental Protection Agency,

Respondents.

PETITION FOR REVIEW

Pursuant to the Toxic Substances Control Act (“TSCA”), 15 U.S.C. § 2618,
the Administrative Procedure Act, 5 U.S.C. § 706, and Rule 15 of the Federal
Rules of Appellate Procedure, Petitioners Safer Chemicals Healthy Families;

Alaska Community Action on Toxics; Environmental Health Strategy Center; Environmental Working Group; Learning Disabilities Association of America; Sierra Club; Union of Concerned Scientists; United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO/CLC (“USW”); WE ACT for Environmental Justice; Asbestos Disease Awareness Organization; and Vermont Public Interest Research Group (collectively, “Petitioners”) hereby petition this Court for review of the order of Respondent Scott Pruitt, the Administrator of Respondent United States Environmental Protection Agency (“EPA”), promulgating the final rule entitled “Procedures for Chemical Risk Evaluation Under the Amended Toxic Substances Control Act,” which was published in the Federal Register on July 20, 2017, 82 Fed. Reg. 33,726 (July 20, 2017) (“Risk Evaluation Rule”), and “issued” for purposes of judicial review on August 3, 2017. *See* 40 C.F.R. § 23.5(a); 15 U.S.C. § 2618(a)(2) (citing 28 U.S.C. § 2112). Petitioners have attached a copy of the Risk Evaluation Rule as Exhibit 1. The rule establishes the process that EPA will use to determine whether chemical substances present an unreasonable risk of injury to health or the environment.

Petitioners seek review of the Risk Evaluation Rule pursuant to 15 U.S.C. § 2618(a)(1)(A), which authorizes any person, within 60 days of the promulgation of a rule under TSCA Subchapter I, to petition for review to the United States Court

of Appeals for the circuit in which such person resides or in which such person's principal place of business is located. The principal place of business of petitioners Alaska Community Action on Toxics, Sierra Club, and Asbestos Disease Awareness Organization are located within this Circuit. The other petitioners are not headquartered in a state within this Circuit, but pursuant to Federal Rule of Appellate Procedure 15(a)(1), their interests make joinder to this petition practicable. Petitioners challenge the Risk Evaluation Rule as arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law; in excess of statutory jurisdiction, authority, or limitations; and without observance of procedure required by law. *See* 15 U.S.C. § 2618(c)(1)(B) (providing that 5 U.S.C. § 706 shall apply to review of a rule under this section).

This Petition is related to the Petition for Review of the final rule entitled "Procedures for Prioritization of Chemicals for Risk Evaluation Under the Toxic Substances Control Act," 82 Fed. Reg. 33,753 (July 20, 2017), which Petitioners filed in this Court on this day.
