

National Tracking Poll #201051
October 09-11, 2020

Crosstabulation Results

Methodology:

This poll was conducted between October 9-October 11, 2020 among a national sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, gender, educational attainment, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table Index

- 1 **Table EDF1:** *How would you rate your current financial situation?* 16
- 2 **Table EDF2:** *How important a role, if at all, do you predict the clean energy industry will have when it comes to job growth in the U.S. in the next 5 years?* 17
- 3 **Table EDF3:** *Which of the following comes closest to your point of view, even if neither is exactly right?* 18
- 4 **Table EDF4:** *If you had access to training for clean energy jobs, do you think clean energy jobs could help you or people in your community?* 19
- 5 **Table EDF5_1:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people like me* 20
- 6 **Table EDF5_2:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people with my education level* 21
- 7 **Table EDF5_3:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people with my skillsets* 22
- 8 **Table EDF5_4:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people my age* 23
- 9 **Table EDF5_5:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people with my background* 24
- 10 **Table EDF5_6:** *Do you agree or disagree with each of the following statements? I would want to have a job in the clean energy sector* 25
- 11 **Table EDF5_7:** *Do you agree or disagree with each of the following statements? I would want people in my family to have a job in the clean energy sector* 26
- 12 **Table EDF5_8:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people in my region of the country* 27
- 13 **Table EDF5_9:** *Do you agree or disagree with each of the following statements? Clean energy jobs are for people in my neighborhood* 28
- 14 **Table EDF6:** *When it comes to jobs in the energy industry, which of the following comes closest to your opinion, even if neither is exactly right?* 29
- 15 **Table EDF7_1:** *How concerned are you, if at all, about each of the following in your local community? Air pollution* 30
- 16 **Table EDF7_2:** *How concerned are you, if at all, about each of the following in your local community? Water pollution* 31
- 17 **Table EDF7_3:** *How concerned are you, if at all, about each of the following in your local community? Storms* 32

18	Table EDF7_4: <i>How concerned are you, if at all, about each of the following in your local community? Flooding</i>	33
19	Table EDF7_5: <i>How concerned are you, if at all, about each of the following in your local community? Heat waves</i>	34

35	Table EDF10_8: <i>How much would you say climate change has impacted each of the following, if at all? My personal financial security</i>	50

36 **Table EDF10_9:** How much would you say climate change has impacted each of the following, if at all? My job 51

37 **Table EDF10_10:** How much would you say climate change has impacted each of the following, if at all? People in other countries 52

38 **Table EDF10_11:** How much would you say climate change has impacted each of the following, if at all? People in developing countries 53

39 **Table EDF11_1:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? My life 54

40 **Table EDF11_2:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? The U.S. economy 55

41 **Table EDF11_3:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? My state’s economy 56

42 **Table EDF11_4:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? The economy in my community 57

43 **Table EDF11_5:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? My housing 58

44 **Table EDF11_6:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? National security 59

45 **Table EDF11_7:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? Younger generations 60

46 **Table EDF11_8:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? My personal financial security 61

47 **Table EDF11_9:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? My job 62

48 **Table EDF11_10:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? People in other countries 63

49 **Table EDF11_11:** In your opinion, is climate change currently a major threat, a minor threat, or not a threat to each of the following? People in developing countries 64

50 **Table EDF12_1:** Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? My life 65

51 **Table EDF12_2:** Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? The U.S. economy 66

52 **Table EDF12_3:** Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? My state’s economy 67

53 **Table EDF12_4:** Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? The economy in my community 68

54	Table EDF12_5: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? My housing	69
55	Table EDF12_6: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? National security	70
56	Table EDF12_7: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? Younger generations	71
57	Table EDF12_8: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? My personal financial security	72
58	Table EDF12_9: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? My job	73
59	Table EDF12_10: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? People in other countries	74
60	Table EDF12_11: Do you think climate change will be a major threat, a minor threat, or not a threat to each of the following in the future? People in developing countries	75
61	Table EDF13_1: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? My life	76
62	Table EDF13_2: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? The U.S. economy	77
63	Table EDF13_3: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? My state's economy	78
64	Table EDF13_4: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? The economy in my community	79
65	Table EDF13_5: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? My housing	80
66	Table EDF13_6: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? National security	81
67	Table EDF13_7: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? Younger generations	82
68	Table EDF13_8: You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? My personal financial security	83

69 **Table EDF13_9:** *You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? My job* 84

70 **Table EDF13_10:** *You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? People in other countries* 85

71 **Table EDF13_11:** *You indicated that you think climate change will be a threat to each of the following in the future. When you do you think climate change will pose a threat to each of the following? People in developing countries* 86

72 **Table EDF14_1:** *How would you rate the response of each of the following to climate change? The federal government* 87

73 **Table EDF14_2:** *How would you rate the response of each of the following to climate change? Your state government* 88

74 **Table EDF14_3:** *How would you rate the response of each of the following to climate change? Your local government* 89

75 **Table EDF14_4:** *How would you rate the response of each of the following to climate change? Private industry or corporations* 90

76 **Table EDF14_5:** *How would you rate the response of each of the following to climate change? Scientists and other researchers* 91

77 **Table EDF16:** *Has you or anyone in your family tested positive for COVID-19?* 92

78 **Table EDF17:** *How concerned are you, if at all, about someone in your family getting COVID-19?* 93

79 **Table EDF19:** *In your opinion, how much of a problem is COVID-19, if at all?* 94

80 **Table EDF20_1:** *How would you rate the response of each of the following to the COVID-19 pandemic? The federal government* 95

81 **Table EDF20_2:** *How would you rate the response of each of the following to the COVID-19 pandemic? Your state government* 96

82 **Table EDF20_3:** *How would you rate the response of each of the following to the COVID-19 pandemic? Your local government* 97

83 **Table EDF20_4:** *How would you rate the response of each of the following to the COVID-19 pandemic? Private industry and corporations* 98

84 **Table EDF20_5:** *How would you rate the response of each of the following to the COVID-19 pandemic? Doctors and other healthcare professionals* 99

85 **Table EDF21:** *As Congress moves to address the economic impacts of COVID-19, should it prioritize near term fixes designed to address our most immediate economic concerns, or should it prioritize measures aimed at strengthening the economy over the long term?* 100

86	Table EDF22: <i>As Congress moves to address the economic impacts of the COVID-19 pandemic, do you support or oppose Congress investing in clean energy?</i>	101
87	Table EDF23: <i>If future legislation to provide financial relief during the COVID-19 pandemic included investments in clean energy – such as solar and wind energy – how much do you think it would contribute to job growth in the U.S.?</i>	102
88	Table EDF24_1: <i>How much of a priority, if at all, should it be for Congress to pass legislation to increase use of each of the following in the U.S.? Clean electricity – like wind and solar</i>	103
89	Table EDF24_2: <i>How much of a priority, if at all, should it be for Congress to pass legislation to increase use of each of the following in the U.S.? Clean transportation – like electric buses and cars</i>	104
90	Table EDF25_1: <i>If Congress were to pass legislation to increase the use of each of the following in the U.S., do you think it would reduce air pollution in your community? Clean electricity – like wind and solar</i>	105
91	Table EDF25_2: <i>If Congress were to pass legislation to increase the use of each of the following in the U.S., do you think it would reduce air pollution in your community? Clean transportation – like electric buses and cars</i>	106
92	Table EDF26: <i>Thinking about rebuilding the economy after the COVID-19 pandemic, which of the following comes closest to your view, even if none are exactly right?</i>	107
93	Table EDF27: <i>How much exposure to pollution would you say you experience in your daily life?</i>	108
94	Table EDF28_1: <i>Based on what you know, how much exposure to pollution do each of the following groups experience? Black communities</i>	109
95	Table EDF28_2: <i>Based on what you know, how much exposure to pollution do each of the following groups experience? Latino communities</i>	110
96	Table EDF28_3: <i>Based on what you know, how much exposure to pollution do each of the following groups experience? Asian American communities</i>	111
97	Table EDF28_4: <i>Based on what you know, how much exposure to pollution do each of the following groups experience? People of color</i>	112
98	Table EDF28_5: <i>Based on what you know, how much exposure to pollution do each of the following groups experience? Low-income communities</i>	113
